Town Warrant

STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF CLAREMONT, IN THE COUNTY OF SULLIVAN, IN SAID STATE, QUALIFIED TO VOTE IN TOWN AFFAIRS.

You are hereby notified to meet at the lower assembly room and the room above said assembly room, both in the Town Hall, in said Town, on Tuesday, the fourteenth day of March next, at eight o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the ensuing year.
2. To elect one selectman who shall serve for three years.
3. To choose one member of the board of three trustees who have the custody of all the trust funds of the town, to serve for three years.
4. To choose a committee for Stevens High School for the ensuing year.
5. To choose three members of the board of trustees of Fiske Free Library to serve for a term of three years.
6. To see if the town will vote to elect a Board of Five Trustees to manage the Frances J. Tolles Home.
7. To see if the town, instead of electing by ballot one or more highway agents, will vote to instruct the selectmen to appoint an expert highway agent to have the same power and perform the same duties as a highway agent if elected by said town, in accordance with provisions of Chap. 29, Sect. 3 of the Public Statutes: This action to take effect from and after the annual meeting of 1923 and to continue in effect until the town shall otherwise vote.
8. To see if the town will choose or appoint a committee of citizens to act as a committee of finance, whose duty it shall be to investigate all proposed appropriations, previous to the next annual town meeting, and report their recommendations at said meeting.
9. To see what sum of money the town will vote to raise and appropriate to pay town officers for the fiscal year ending January 31, 1923.
10. To see what sum of money the town will vote to raise and appropriate for incidental expenses of the town for the fiscal year ending January 31, 1923.
11. To see what sums of money the town will vote to raise and appropriate for the improvements of town highways, for state aid construction and maintenance and for trunk line construction, and to pass any other votes with reference thereto.
12. To see if the town will vote to raise and appropriate the sum of \$2,000 for the purpose of building new sidewalks and repairing those now in use.

13. To see if the town will vote to raise and appropriate a sum sufficient to place a concrete walk on Middle Street adjacent to the premises of Stevens High School.

14. To see if the town will vote to concrete that part of Tremont Square not now concreted and raise and appropriate money therefor.

15. To see if the town will vote to raise and appropriate the sum of \$900 to install a street drain on Elm Street from the junction of Federal Street to the junction of Terrace Street.

16. To see if the town will vote to raise and appropriate the sum of \$800 for installing a drainage basin at the corner of Broad Street and Bailey Avenue in said Town of Claremont.

17. To see if the town will vote to raise and appropriate the sum of \$1,800, to re-surface and drain the road from the fork of the road at West Claremont Paper Mills on the East road past the Cemetery to the fork of the road on the Junction Road.

18. To see what sum of money the town will vote to raise and appropriate for sprinkling, oiling and cleaning the streets and highways of the town.

19. To see what sum of money the town will vote to raise and appropriate for the support of the Fire Department for the fiscal year ending January 31, 1923.

20. To see if the town will vote to raise and appropriate a sum not to exceed \$4,000 with which to purchase a Motor Driven Chemical Fire Engine.

To the Citizens of the Town of Claremont

Herewith is submitted the report of the various departments and the accounts of the town officials for the year ending January 31st, 1922.

The plans and unfinished work, as provided for in the 1920 budget, have been carried out this year. This includes street drains, tool shed and highway work.

An unusual and unprepared-for expense was incurred by necessity of re-planking the Connecticut River Bridge, which had become unsafe by heavy traffic wearing through the flooring. To meet this emergency expense, funds were necessarily appropriated from the town treasury to the amount of \$3,371.36.

There was also an unusual heavy drain on the Highway Department appropriations early in the Spring, caused by the excessive rainfall washing away or greatly damaging nearly every culvert in town.

As will be noted, nearly every appropriation made in 1921 proved insufficient to complete the work for which it was planned. It was deemed advisable to complete work which was started, so money was appropriated from miscellaneous revenues for the various deficiencies.

By suggestions from the State Highway Department and due consideration on the part of the Board of Selectmen, it was decided to cut the price of labor from \$4.00 to \$3.00 per day. This did not decrease the money received by the laborers, during the season, as there was a definite amount to be expended, but did secure more work on the highways.

There was an extra large bill for oil, due to the fact that many of the roads and streets were scarified, which placed them in practically the same condition as new work, thus necessitating two coats of oil to secure the best and proper results.

The town debt has been reduced \$31,950.00 during the past year. No new debts were incurred, except money which was borrowed in the anticipation of taxes, and this was paid back before the close of the year.

One item was unintentionally omitted from the Firemen's Fund. This was a \$100.00 Liberty Bond, which was presented by John L. Farwell in recognition of service rendered by the Fire Department at a fire in Farwell Block, April 23d, 1917.

Another item, which perhaps is a liability of the town, is the \$2.00 which is due the State on every \$5.00 poll tax collected in 1921, and amounts to \$10,766.00.

The work of readjusting the valuation of the taxable property through the State included Claremont this year, and in the regular course of the work the State Tax Commissioners began the work early in January, and in about six weeks the conditions were such that the local assessors were able to finish under the direction of the Tax Commissioners.

The average per cent increase is not available at present, but it is thought to be nearly 50 per cent. This will reduce the tax rate to \$1.70, as against \$2.80 in 1921. This makes the taxes on a home which is raised to the average rate of 50 per cent a little less than that of last year.

EXAMPLE:

An average home valued in 1921—

\$4,000; rate, \$2.80; tax, \$112.00

Valuation found in 1922—

\$6,000; rate, \$1.70; tax, 102.00

It is believed that when the 1922 tax bills are received there will be general satisfaction.

(Signed) ARTHUR L. FITCH,
E. C. HOISINGTON,
EDGAR A. NOYES.

Number of leaks in the main pipes during the year 3

No water was pumped into the mains from the wells during the year 1921.

Owing to the low condition of the water in the reservoirs the pumping station was started up in November and water was pumped from the wells into the river for five days, and a sample of the water was sent to the Laboratory of Hygiene at Concord, N. H., for analysis and the following report was received from them:

"Very unsatisfactory condition indicated. Very much iron, highly colored and considerable organic matter. Fecal bacteria in moderate numbers also present, both of the 10 c. c. inoculations being distinctly positive. Use should be considered only in extreme emergency so long as conditions continue as here noted. While my recollection as to the location of these wells with respect to the river is not clear, yet it is my impression that such are not far from the river bank and it seems not unlikely that the water may represent river water which is percolated through a stratum of soil before reaching the wells. The effect of organic matter such as would be present in a sewage-polluted stream is to act as a solvent upon the iron normally present in the soil particles and such action may be the cause of the iron content noted.

"(Signed) CHARLES D. HOWARD,
Chemist."

The above report indicates that the water in the wells is not fit to use and some action should be taken immediately to get an increase in our supply from some other source.

CHIEF ENGINEER'S REPORT

The past year has been a record one as to alarms, for there have been 68 still and 18 bell alarms. This number is aside from brush and woodland fires, which will be found enumerated under the head of State Forestry Commission Agent's report. The bell alarms were as follows:

1921

Mar. 14, Box 39, 4.10 p.m., Maloney's Mill, W. Claremont.

Mar. 17, Box 47, 6.20 p.m., 243 North street.

Mar. 22, Box 47, 7.30 a.m., A. Hurd's house, North street.

Mar. 23, Box 32, 12.55 p.m., H E. Tutherly's, Wash'tn St.

Apr. 6, Box 12, 10.45 a.m., Monadnock Mills.

Apr. 7, Box 41, 7.40 p.m., Thos. Pagan's, Woodland St.

Apr. 16, Box 26, 4.55 a.m., Sul. Mch. Co. blacksmith shop.

Apr. 18, Box 37, 1.45 p.m., Frank Paulette's house, Spoford St.

Apr. 22, Box 27, 1.55 a.m., Rubbish fire, Chestnut St.

June 5, Box 51, 11.45 p.m., Clarem't Garage, Pleasant St.
 July 6, Box 3-2s, 5.25 a.m., Peter Bodeau's farm house.
 Sept. 9, Box 54, 11.45 p.m., J. Gouin's garage, Briggs St.
 Sept. 15, Box 3-2s, 3.15 p.m., J. Parrou house, Gr. Mt. rd.
 Oct. 10, Box 13, 4.20 a.m., N. Y. Restaurant, Tremont St.
 Dec. 17, Box 51, 10.20 p.m., Cong'l church, Pleasant St.
 Dec. 30, Box 3-2s, 12.30 p.m., W. Porter pl., Puckershire.
 1922

Jan. 4, Box 3-2s, 1.45 p.m., H. Demming pl., W. Clarem't.
 Jan. 7, Box 51, 2.55 a.m., Shoe Shine Parlor, Pleasant St.

Numerous chimney fires were the cause of many still alarms, but in most every instance the combination chemical handled them, and but for this apparatus many of them would have developed into more serious conflagrations. The use of the telephone facilitated matters and aided in quick response.

HYDRANTS

There have been installed four new hydrants—two on Crescent street, one near the City Garage and one near the Monadnock Mills Shed. One in Tremont Square near the watering trough and one near the power plant of the Sullivan Machinery Company, near Spring street.

FIRE ALARM SYSTEM

The fire alarm system has proven to be all that was expected and is in good working order. There have been two new alarm boxes installed—one on the interior and one on the exterior of the power house of the Claremont Paper Co., and are numbered 19.

RECOMMENDATIONS

There are two features needed immediately, one an automatic alarm whistle, operated by compressed air, and its installation would mean a saving of dollars to the town yearly. It could be installed at the town building, and thus be under the care of the station force and per-

haps prove more dependable than the present method of a steam whistle located at the Paper Mill.

I would recommend the purchase of an automobile chemical engine. One with a larger storage capacity of chemical and built considerably lighter than the present combination auto chemical. The latter has demonstrated that a chemical engine would prove to be a property-saver, for when the blaze is attacked in its infancy and enough chemical is obtainable, it could be extinguished without the use of water. Water causes almost as much damage as fire, and in many instances more.

A chemical engine would eliminate much of this water damage. It would also be a double safeguard against fire and accident, for the present combination chemical will soon be necessarily laid up for the installation of new tires and overhauling. It is not proof against accident, and if we have the chemical engine as a safeguard we will not lay the town open to extreme conditions of fire. It is really a necessity and would prove even more effective at fires in outlying districts.

REMARKS

The firemen have given much time and thought to their work and have taken great interest in modern methods of fire-fighting and have qualified themselves for membership in the Claremont Fire Department. The cooperation and loyal support of the citizens is greatly appreciated by the entire personnel of the department.

Respectfully submitted,

C. E. SEARS,

Chief Engineer.

A. W. HAWKES,
Treasurer.

The circulation of books and magazines for home use exceeded that of 1920 by 7005 items, the total being 49,380, a daily average of 163 1-3 items for the 302 days the Library was open.

Three hundred forty (340) books have been added to the Way Collection, four hundred seventy-five (475) books purchased for general reading, one hundred eleven (111) books received as gifts.

The librarians were in attendance at the National Conference of the American Library Association last June, also at the New Hampshire Library Association meeting held in Keene in October. Miss Gilmore resigned as secretary at this meeting and received a vote of thanks for her efficient service.

The needs of the Library are for increase in salaries of the librarians, larger appropriation for books for general reading, and an additional appropriation for building an addition to the Library building. The building appropriation voted last year proved to be insufficient, the Trustees therefore decided that it was best to await an additional appropriation before proceeding with the work.

Books have been given by :— Mrs. C. H. Gallagher, Mr. Frank Moore, Mrs. Carl J. Sanborn, Harold Woodward, Mr. Irving C. Story, Mrs. F. C. Kingsley, Mrs. L. E. Chellis-Story, the Red Cross Society, at the hands of Miss Dutton, Mr. Arthur Clouette, Mrs. G. H. Wood, Miss Winifred Wyman, Mrs. F. D. Jardine, Mrs. W. J. Tilley, Mrs. Mary E. Atwood, Miss Minnie Fuller, Mrs. Archie W. Densmore, Mrs. M. S. Ide, Mrs. Mary E. Towle, Miss Sarah Gilmore, Mrs. Charles W. Barrett, Mr. Kenneth Churchill, Mr. Charles Hunton, Miss Rosanna Foisy and special mention should be made of a set of Bailey's Encyclopaedia of Horticulture given by Miss Nason, these volumes by the late Alpheus H. Snow, an authority on international law, a native of Claremont, given by his sister, Miss Ellen Snow, of Hartford, Conn., a volume of

short stories by Claire Benedict, niece of Constance Fenimore Woolson, given by Mrs. George Stone Benedict, mother of the author, and a set of the wise and charming Burgess "Bedtime Story Books," the gift of Mrs. Percy R. Brooks.

Mr. J. L. Farwell, Mrs. L. E. Chellis-Story, Mrs. F. D. Jardine, Mrs. N. J. Grannis, Miss Sarah Gilmore, Miss Barucci, Miss E. Mae Bouck, Mrs. M. S. Ide, Mrs. William McAskell, Mrs. Wallace Taylor, the Grange, D. A. R., Chamber of Commerce, the Methodist, Universalist and Episcopal Churches and Mr. Robert B. Mitchell have given periodicals. Mr. Mitchell's gift was twelve (12) years of the valuable New England Magazine.

Local items have gained through Mr. Gawin Gilmore, Miss Nancy Grannis, Miss Maria Spencer, Mrs. Story, Miss Fanny Way, Mrs. Nellie Barker of Lempster, Mr. Paul Cook, of Athol, Mass., and Mrs. E. E. Elliott, Wilmington Institute Free Library, Delaware (?). Mrs. Nellie Barker's gift was a programme of the celebration of July 4, 1854 by a Union Sunday School Picnic, with a long list of events and participants, indicating a community affair worthy of the highest ideals of today.

The complete file of the Red and Black, and four issues of the Way School publication, has a new school paper as competitor in that line in The North Star, given by John Crowley. The North Star is not only the literary work of the North Street School pupils, but is printed in the school printing shop.

A young national eagle, handsomely mounted, has been added to the Jarvis Bird Collection by Dr. and Mrs. Leonard Jarvis.

Two copies of the address delivered by Mr. Butterfield at the Weathersfield, Vermont, centennial are on file, gifts of Mr. Seth Gage, of Ascutneyville, and Mr. J. D. Upham. This pamphlet contains much history common to early New England settlements.

The World War souvenirs have increased by several photographs and one of the medals made for the town to decorate the boys who represented us in service.

Mr. George B. Upham contributed his most welcome annual check for the purchase of books.

Trustees of Fiske Free Library,

IRA G. COLBY,

Secretary.

REPORT OF MILK INSPECTOR

The work of inspecting the milk, dairies and utensils of the milk producers and dealers of Claremont began June 1st, 1921, after the Board of Health made rules and regulations relating to same.

During that time 136 licenses have been issued, approximately 150 visits have been made, samples of milk

have been sent to the State Laboratory of Hygiene, Concord, and the producers notified of results. Corrections have been made in barns, utensils, methods of handling milk at home, on the wagon and in the stores.

With very few exceptions as far as the work has progressed no serious objections have been raised by the producers to better their conditions and those have been taken care of according to regulations.

No diseases have had their origin traced to milk in Claremont due in a large measure to having milk bottled on the farms.

About fifteen of the most progressive producers had their herd tuberculin tested and diseased cattle removed during this time and many more have signified their intentions of testing during the year to come.

The milk inspector cannot too strongly impress upon the parents of Claremont to purchase their ice-cream and milk products from herds which are regularly tuberculin tested.

The work has been carried on with a view to insure the public that they receive pure wholesome milk that is produced under sanitary conditions free from germs that will cause disease and also up to the standard in butter fats.

A hearty co-operation of the public, producers, and milk inspector is necessary for the success of this work in Claremont.

Respectfully yours,

L. R. HAUBRICH, V. M. D.

Report of Stevens High School

To the Committee of Stevens High School:

I have the honor to submit for your consideration the report of Headmaster Stephen A. Doody of Stevens High School, together with a table of studies presented at the present time and information on changes in the teaching force.

Mr. Stephen A. Doody, graduated from Middlebury College and for ten years principal of the High School in Littleton, N. H., took over the administrative duties of the High School this Fall. In this position he has shown conspicuous ability and has won the cooperation and support of pupils, teachers, and townspeople.

After seventeen years of effective service Miss Anne L. Forsythe resigned her work to accept a similar position in Lexington, Mass. The important work of the English Department was taken up in September by Mrs. Lucia R. Ferguson.

The Commercial Department is being directed by Miss Ethel T. Tewksbury, who had been carrying on this work in Pinkerton Academy. Miss Josephine Tracy is assisting in the Commercial Department in the place of Miss Esther Perry, who resigned to enter Boston University. Miss Mary McCarty is teaching English and Commercial Geography in the room occupied last year by Miss Anne Watkins, and Miss Helen Wilson is assisting in the English Department.

PROGRAM OF STUDIES

Year I—English, History of Civilization.

Optional—Algebra, Arithmetic and Bookkeeping, Latin, French, Household Appliances, Mechanical Drawing.

Year II—English.

Optional—Geometry, Bookkeeping and Typewriting, Latin, French, Commercial Geography, Nursing and Physiology, Mechanical Drawing.

Year III—English.

Optional—Physics, Advanced Algebra, Economics, Latin, Spanish, French, Household Organization, Shorthand, Machine Shop.

Year IV—English, United States History.

Optional—Chemistry, Solid Geometry and Trigonometry, Latin, Spanish, Household Management, Stenography, Machine Work, Advanced Bookkeeping.

General Requirements—If Bookkeeping is elected, it must be taken for two years. All pupils must take at least two years of foreign language if a diploma is to be had.

A foreign language, unless begun in the Senior year, must be taken for two years.

Respectfully submitted,

ALBERT B. KELLOGG,

Superintendent of Schools.

REPORT OF THE HEADMASTER OF STEVENS HIGH SCHOOL

Mr. Albert B. Kellogg, Superintendent of Schools:

I herewith submit my first annual report as Headmaster of Stevens High School.

Enrollment for the school year 1920-1921:

During this school year the two session plan has been adopted. Under this plan the school day is thirty-eight minutes longer than formerly. This additional time has been used to lengthen the class periods and to give extra time for study and assembly periods. It is in keeping with modern tendencies in education to lengthen the school day.

The present day high school has a two-fold purpose. It must prepare pupils for college and must train the larger group of those who are to go to work as soon as they finish their high school course. A record of high scholarship will be valuable to pupils in either group. The colleges are choosing the candidates who have a high standing in their classes and the leaders in business and industry are in search of young men and women of unusual ability. To accomplish work of this grade a student must form habits of home study, regular attendance and punctuality. The pupil who is doing no home work is not getting all that the school can offer him.

The extra classroom activities of Stevens High School include athletics, the band and orchestra, the French and Commercial Geography clubs, the school play, the Red and Black and school socials. While these are important factors in the complete development of the high school boy or girl, it is the policy of the school to keep them secondary to the regular work.

The Otis Intelligence tests were given to all the pupils last year. To keep the records complete the test has been given to the Freshmen this year. Nearly 75 per cent of the members of this class received a score above the normal for their age. The records of the test have been very valuable as an aid to the grouping of pupils.

One of the greatest needs of Stevens High School is a gymnasium for the indoor athletics and for classes in physical training for both boys and girls.

I wish to take this opportunity to thank you, Mr. Kellogg, the teachers, the Stevens High School Board and the citizens of Claremont for your interest in the school and your hearty support of all its activities.

Respectfully submitted,

STEPHEN A. DOODY,
Headmaster.

Monadnock Park

Claremont, N. H., Feb. 1st, 1922.

To the Citizens of Claremont, N. H.:

The Monadnock Park Commission herewith submit a report for your consideration, covering the work done in development of the park during the past year.

We wish to take this opportunity to express our appreciation to the Claremont Woman's Club for the valuable assistance rendered through their Committee of three ladies.

The children's corner was open from May until late in September. During the period from June 20th to September 5th, a trained instructor was in charge; and 7328 children actually took part in the play activities. Several new pieces of apparatus, together with an outdoor shower, were added last season.

The ditch running parallel to the tennis courts was also covered over, thereby eliminating an unsightly feature.

The Committee having the children's corner in charge, consisting of three ladies, and two members of the Monadnock Park Commission, have outlined many plans for the coming season, which will greatly improve and beautify this section of the park.

Four shower baths were installed under the grandstand, with continuous hot water, which were open to the public free for bathing purposes. During the period from July 15th to September 15th, an average of 65 people per day (men, boys, and girls) took advantage of the opportunity to use these showers; this making a total of nearly 4000 baths during the two months.

It is expected that during the coming season these showers will be open on or about May 15th.

Two ornamental lights, which were a gift from the Vermont-Hydro Electric Company, have been installed at the entrance to Broad street, and connected with the other park wiring by means of underground cable.

The skating rink, tennis courts, and rifle range, together with the other features which have previously been in use on the park, have had an increased amount of patronage during the past season. A new house was built for use in connection with the skating rink; also one new tennis court has been added, now making a total of five courts.

In the coming year we hope to make some progress on a running track, which seems to be in much demand.

It is also our wish to improve the road entering from Broad street by grading and adding a permanent fence on the right-hand side.

We also plan to install a permanent lighting arrangement on the skating rink.

Your Committee requests for your consideration that the sum of Thirty-five Hundred Dollars (\$3500.00) be appropriated for the continuance of this work for the ensuing year. Approximately \$2500.00 is required for maintenance, leaving \$1000.00 to be used for new developments.

Report of Health Officer

To the Board of Selectmen:

Report of communicable diseases for the year ending January 31st, 1922, were as follows:

Scarlet fever	116
Measles	3
German measles	1
Venereal diseases	24
Chicken pox	9
Lobar pneumonia	2
Tuberculosis	67

One hundred and seventy-one rooms were fumigated during the year.

Three deaths from tuberculosis and four removals were reported.

The following nuisance complaints were received and investigated:

Dumps	15
Pig sties	5
Privies	3
Hens	1
Unclean premises	9
Unsanitary toilets	3
Dead animals	5
Overflowing cesspools	7
Sewage in street drain	2
Defective drains	3
Miscellaneous	7
Exposing fruit for sale	1

Nine signs have been posted during the year.

Six samples of water have been sent to the State Laboratory of Hygiene for analysis, from the Grannis

Sytem, Tyler System and spring at Claremont Junction. Favorable reports were returned in each case.

A contract for the collection of garbage from May 1st to November 1st was made this year for the sum of \$475.00. This contract was cancelled October 1st, and collection for the remainder of the term was made at a cost of \$78.50.

Six families asked for and were given assistance during quarantine for scarlet fever.

Among the cases of venereal diseases nine were unable to pay expenses of treatment. These was given free treatment by the State Department at Concord, the Town paying cost of transportation.

The Health Officer accompanied the State Officers in the inspection of water systems, also restaurants, hotels, bakeries, ice cream parlors, markets and all stores where foodstuffs are kept for sale, as required under the pure food and drug act.

Weekly reports have been made by the Health Officer to the State Board of Health.

As a means of fighting tuberculosis a free clinic has been established in Claremont the past year, under the direction of the Sullivan County Tuberculosis Association. Three clinics have been held to date, which have been well attended, some sixty patients having been given treatment.

F. W. Johnston, the former Health Officer, served for the first five months of the fiscal year, his resignation taking effect on July 1st.

Respectfully submitted,

WILLIAM P. PRESCOTT,

Health Officer.

Auditors' Statement

We, the undersigned, Auditors of the Town of Claremont, have examined the foregoing accounts of the Selectmen, Town Treasurer, Highway Agent, Overseer of the Poor, Town Clerk, Treasurer of the High School Committee, the Financial Agent of the Fiske Free Library, Collector of Taxes, the Superintendent of the Claremont Water Works, the Trustees of the Stevens and Healey Funds, the Manager of the Opera House, Treasurer of the School Board of the Town, the Trustees of the Town Trust Funds, the Cemetery Commission and the Monadnock Park Committee, and find the same correct with proper vouchers.

H. W. PARKER,

C. H. WEED,

GEO. H. BOYNTON,

Auditors.

VITAL STATISTICS.

In compliance with an act of the Legislature passed June Session, 1887, requiring "Clerks of towns and cities to furnish a transcript of the record of Births, Marriages and Deaths, to the municipal officers, for publication in the Annual Report," we submit the following:
